

### **REMARKS**

The present amendment to claim 1 responds to the Examiner's 112 second paragraph rejection noted in the Final Office Action, dated November 27, 2007, which indicated that the claim recites the limitation "the mobile telecommunications device" in line 6 without sufficient antecedent basis in the claim. Prior amendments deleted the term "mobile telecommunications device" and "device" throughout the claims in favor of the term "apparatus," but inadvertently left one instance of "mobile telecommunications device" in claim 1. The present amendment addresses that objection and places the claims in better form for allowance. The present amendment also cancels claims 12 and 13, as well as the claims that depend therefrom.

In response to the Advisory Action, dated August 14, 2008, the Applicant conferred with the Examiner regarding his basis for rejecting an earlier filed amendment. In the conference call, the Examiner indicated that he would enter the previous filed amendment to claim 1, as described above, and allow the case if the Applicant canceled claims 12 and 13. Based on this representation, the present amendment cancels claims 12 and 13 and the claims that depend therefrom and places the remaining claims in condition for allowance.

In light of the forgoing remarks and arguments, the Applicant requests that this amendment be entered and the case passed to allowance.

Respectfully submitted,

**BANNER & WITCOFF, LTD.**
